

Boyu Qiao

Address: Institute of Information Engineering, Chinese Academy of Sciences, No. 9 Shucun Road, Haidian District, Beijing, China

Email: qiaoboyu@iie.ac.cn, qiaoboyu2000@gmail.com

HomePage:

Last Update: Sep. 5, 2023

Research Interests

My main research interest is social robot detection. In addition to that, I also focus on research directions in natural language processing and graph representation learning.

Education

iie, Chinese Academy of Sciences	2021 - now
\$\\quad\$ Advisor: Prof. Songlin Hu	
Hebei University of Technology	2017 - 2021
\$\\quad\$ GPA: 96.4/100, rank 2nd/71	

Publications

[2] **Multi-modal Social Bot Detection: Learning Homophilic and Heterophilic Connections Adaptively.**
\$\\quad\$ Shilong Li, **Boyu Qiao**, Kun Li, Qianqian Lu, Meng Lin, Wei Zhou
\$\\quad\$ In ACM International Conference on Multimedia

[1] **Social Bot Detection Based on Window Strategy**
\$\\quad\$ **Boyu Qiao**, Kun Li, Wei Zhou, Zhou Yan, Shilong Li, Songlin Hu
\$\\quad\$ In 2023 IEEE International Conference on Multimedia and Expo (ICME)

Honors and Awards

First-class scholarship	2018 - 2021
Advanced Individual in Social Practice of Tianjin	2019
Excellent research report	2019
Tianjin City College Student Innovation and Entrepreneurship Scholarship	2020
Excellent graduation thesis	2021

Skills

Programming Languages

\quad Proficient: Python; Java; C/C++

Tools and Frameworks: PyTorch, LATEX, Visual Studio, Pycharm
